We are pleased you are considering becoming a resident at Higher Ground Recovery House! Our hope and prayer is that you utilize this Christian-based sober-living opportunity to pursue and maintain long-term recovery from alcohol and drugs while growing in your walk with God and becoming an active and productive member of society.

Please read the following carefully and thoroughly so you understand the expectations of becoming a High Ground Recovery House Member:

The vision of Higher Ground Recovery Center is to see people flourish and mature together in relationship with God as they are equipped with the necessary tools to live a healthy and abundant lifestyle and fulfill their God-given purpose. The mission of the Higher Ground Recovery House (HGRH) is to provide a safe and positive living environment from a Christian perspective for women recovering from substance use.

To that end, HGRH is committed to serving those seeking sober housing and other recovery supports who **freely choose** to engage in a program of recovery in a **Biblically-Based** supportive living environment.

We believe that long-term success in recovery can best be achieved by applying the truth of Scripture to established mindsets and strongholds. Therefore, our goal is to assist house members to address their own needs by becoming self-sustaining and sufficient through the use of community-based supports such as the local church, faith-based recovery supports, Christ-centered 12-step groups, Alcoholics Anonymous, Narcotics Anonymous and other self-help groups and resources.

We believe that recovery is not only freedom from the use of substances, but freedom to become all that God has created us to be. Through Christ we can become good parents, valued employees, loving neighbors, and productive members of the community.

We believe that the freedom found in Christ cannot be kept unless it is "given away," by carrying The Message to other addicts and by making Biblical principles the determining factor in all our worldly affairs.

We do not necessarily promote any particular religion, but we do require weekly attendance at our affiliated church (Highlife Church). Our goal is to see house member's grow in a personal relationship with God; therefore, regular church attendance is a requirement of the program.

Higher Ground Women's Recovery house is a one year sober-living program. The primary requirement is a desire and determination to live a drug and alcohol-free recovery lifestyle in a supportive **God centered environment**. A house member's stay at HGRH may be shortened or extended depending on the need, if necessary. This may be discussed with the house manager at intake.

We believe that every program resident should be treated with respect and dignity, regardless of their social or economic status, race, color, national origin, age or handicap.
